

Spring 2016 MATH250-02 Final Exam Cover Sheet

Name: _____ Score: _____

Choice (Circle one): Take-home exam / Oral exam

Take-home exam policies

- The examinee can look up notes and the textbook only.
- The examinee is not allowed to refer other sources; printed, electronic, and in-person. In particular, an internet search or a discussion with any human being except self are strictly prohibited.
- The exam should be submitted in-class on May 25th 5:20pm at HW 406. One can submit the exam by email, but the original copy should be retained until the final grade is posted.
- Late submission of the exam is not accepted.
- A change of the choice of a take-home exam to an oral exam to is not allowed.

Oral Exam Policies

- The examinee should apply for an oral exam by submitting this cover sheet by the date that the take home exam is distributed.
- The examinee initiate scheduling a day and a time with the instructor by email.
- If the oral exam does not take place before the end of May 2016, then the exam score is 0.
- Location of the meeting: Mathematics Lounge, Room 4214 in the CUNY Graduate Center, 365 Fifth Ave. New York NY 10016
- The instructor will give a list of problems. The examinee choose five problems and present solutions in 30 minutes on the blackboard, while explaining it and answering questions from the instructor. The examinee cannot look up any material during the oral exam, other than the given problem sheet for the oral exam.
- After a presentation of solution to each problem, the instructor will grade the solution, while making comments and suggestions. Each problem is 10 points, and 1 point in oral exam is counted as 2 points in the take-home exam.
- Each solution on the board will be photographed.
- If the examinee is not satisfied with the final score, he/she can reschedule and take the oral exam one more time, but changing the choice of an oral exam to a take-home exam is not allowed.

I understand and agree on the policies on final exam listed above.
