

Spring 2020 Foundation of Mathematics I [8996051-01]  
Final Exam Cover Sheet

Name: \_\_\_\_\_ Score: \_\_\_\_\_

**Take-home exam policies**

- The examinee can look up notes (including your own notes from this course and your own homework) and the textbook only.
- The examinee is not allowed to refer other sources; printed, electronic, and in-person. In particular, an internet search or a discussion with any human being except self are strictly prohibited.
- The exam should be submitted directly to the instructor on June 30<sup>th</sup> 19:00 at E1-1 Room 136.
- Submitting your exam by email will not be accepted, and even the email timestamp will not be considered.
- Your exam submitted to the department secretary, other faculty members, staff, or students will not be accepted.
- Late submission of the exam will not be accepted.
- The grader will trust students and will not apply any prejudice. However, if the grader has found an evidence that you have violated the first two items in this set of policies, the grader reserves the right to investigate by asking you to come in to his office, reproduce and explain your own solutions in front of the chalkboard. If you cannot provide a coherent and consistent explanation to your own solution to a problem, the score to that problem will be zero. The investigation session will be both video and audio recorded, and the result of the investigation (including video/audio recording of the investigation) can be reported to the department or the university center.

I understand and agree on the policies on final exam listed above.
